To Whom It May Concern,

Dear Sir/Madam,

RE: RECOMMENDATION FOR SAMUEL KAMOTHO MAINGI REG: CT101/G/6268

I am delighted to recommend Samuel Kamotho Maingi to your postgraduate program. As a Senior Lecturer in the Department of Pure and Applied Sciences at Kirinyaga University, I have had the pleasure of teaching and mentoring Samuel over the past four years, during which he has consistently ranked among the top students in writing, critical thinking, research skills and community service.

Samuel is exceptionally intelligent with strong analytical abilities. His undergraduate research project, which involved developing a full-stack web-application for Car Insurance Sector, showcased his capacity to develop innovative applications that addresses societal needs. He possesses excellent communication skills; his written work is not only clear and concise but also engaging. During his oral defense sessions, he articulated his ideas effectively, demonstrating

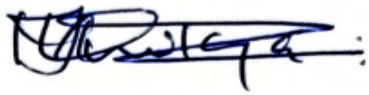

proficiency in applying course concepts to analyze problem situations and providing well-supported arguments that were persuasive to the panel.

On a personal level, Samuel is a disciplined and industrious student with a positive demeanor. He consistently exceeded course requirements in both quantity and quality of work and displayed strong teamwork skills in group assignments. His motivation to learn was evident as he integrated course material with his experiences and developed innovative ideas. He has demonstrated the perseverance, initiative, and intellectual ability necessary to succeed in advanced studies and make meaningful contributions to the field of Computing.

Additionally, Samuel actively participated in community service, notably through the "SOMESHA COMRADE WALK," an annual charity event organized by the Kirinyaga University Students Governing Council to support financially needy students with tuition fees, managed by the university's bursary committee.

I highly recommend Samuel for admission to your program. Should you need any further information or assistance, please feel free to contact me.

Yours sincerely,

KIRINYAGA UNIVERSITY
